

# Enterprise Data Center Services with local support excellence

## BRUSH MOUNTAIN DATA CENTER

is a full service data center located within the Corporate Research Center at Virginia Tech in Blacksburg, Virginia. We offer the security, convenience and amenities of a local hybrid cloud data center; staffed with diverse technical expertise in partnership with our parent company, Advanced Logic Industries.

## Flexible Data Services That Fit Your Needs

### MANAGED IT SERVICES

Our team keeps an eye on your systems 24x7, identifying potential problems before they become critical issues and minimizing the occurrence and duration of system failure.

### BUSINESS CONTINUITY

Being prepared is the best strategy for accommodating the unexpected. We can help you build a sustainable disaster recovery plan or a business continuity plan.

### HOSTED DATA BACKUP

Data is valuable & irreplaceable. We provide a secure facility for data replication and backup support services.

### PRIVATE CLOUD SERVICES

Brush Mountain can serve as the core storage center for all IT-related services for your organization.
