

CIO Consulting Services

Gain the benefit of our senior staff's industry experience, insights and IT best practices with an "on demand" CIO.

Whether for a single issue, or ongoing strategy, we provide the advice and expertise to make your plans successful—the first time.

IT Strategy Support

- ⇒ What are we using? What do we need? How do we get there?
- ⇒ How can we use IT to gain competitive advantages?
- ⇒ What technology planning needs to be done before entering another industry?

Vendor & Systems Analysis

- ⇒ Are we spending too much?
- ⇒ Are our systems overly complex? Should we insource or outsource?
- ⇒ Should we move to the cloud? How do we move to the cloud?

Change Management

- ⇒ How do we implement a large new system with minimal disruption?
- ⇒ How do we train employees to support success?

HR/Personnel/Hiring Recommendations

- ⇒ We need to hire an IT director and don't know where to start. Help us.

Mergers & Acquisitions Planning

- ⇒ We plan to buy/merge with another company. How do we integrate?
- ⇒ What problems can we expect and how can we minimize them?

Compliance Services Support

- ⇒ We need to be HIPPA, PCI, or ITAR compliant. How do we do it?
- ⇒ We need help passing an audit. Help!

Risk Management Review

- ⇒ We need to know how much risk we are exposing ourselves to with our current IT systems and help determining if that is an acceptable level.

SLED Funding Analysis & Recommendations

- ⇒ How can we best utilize funding to benefit all of the student needs and keep the IT systems network strong?
