NETWATCH MANAGED IT SERVICES *for Small Business*

TURNKEY IT SYSTEMS & SUPPORT BUILT FOR THE NEEDS OF SMALL BUSINESS

There are more than 31 million small businesses in the US. In fact, 99% of all US employment comes from small businesses. Yet most IT solutions are built for the Fortune 500. You need a technology infrastructure that powers your business, without overstaffing or overspending.

That's why we created NetWatch Managed IT Services for Small Business.

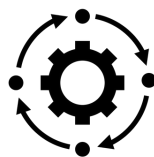

It provides everything you need; optimized and priced for small business. You get secure high performance IT networking complete with office applications, email, security and data protection. We also have options for voice and video communications as part of your package.

You get reliable IT systems and trusted expertise you can rely on, day in and day out. All for a predictable monthly price.

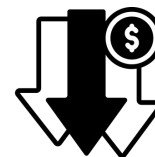

ONE CALL FOR EVERYTHING

Bring your own notebooks/PCs (or buy from us) and we take care of the rest.

PREDICTABLE EXPENSE

NetWatch IT Services ensures that you know exactly what your IT expenses are month to month.

SAVES YOU MONEY

With NetWatch, you get the IT you need; while reducing expense for staffing, support, hardware & software.
